How Facebook Integration Works

1. The Member scans in to the centre for a Visit and Links service will poll the visit

```

23/07/2014 12:42:36 PM - MailBlast - selecting visits rows for Location 1
23/07/2014 12:42:37 PM - MailBlast - 6 visits to send
23/07/2014 12:42:37 PM - MailBlast - Sending visit 1 to 5
23/07/2014 12:42:38 PM - MailBlast - After sending 4 visits successful, 1 unsuccessfu
23/07/2014 12:42:38 PM - MailBlast - Sending visit 2 to 6
  
```

2. The visit will appear on the customer profile on AC

The screenshot shows the 'active carrot' website interface. At the top is the logo. Below it is a navigation bar with links: Home, My Profile, Buy Online, Book Online, Refer a friend, and Logout. The user is logged in as 'Drew Preston' at 'Links Final Test'. The profile section displays the user's ID '22226495', a 'Links Final Test' notification, and a 'Last Attendance' record for Wednesday, 23/07/2014 at 12:06 pm. There is also a 'Daily Deal' section with an image of a shopping cart.

3. The visits to appear as a check in on their facebook

The screenshot shows a Facebook post from 'Drew Preston' posted 'about a minute ago'. The post content is 'Drew Preston Visited Links Final Test'. It includes a profile picture of 'Links Final Test' and the text 'Welcome to Links Modular Solutions' and 'Internet/Software: 133 like this'. At the bottom, there are interaction options: 'Like · Comment · Promote · Share'.
